Reserve Officers and Active Army Carry Out Plot Saturday Morning

Dethroned Premier Returned to Sofia Friday Night to Find Troops Drawn up at Station—Tried to Telephone Police Headquarters But Found Wires Cut and Learned He Was a Prisoner

SOFIA, Bulgaria, June 10.—The agrarian cabinet headed by Premier Stambouloff, who has been overthrown, the plot being carried out by reserve officers with the assistance of the active army. Although there was no bloodshed, the new regime proclaimed a state of siege and issued a proclamation to the nation saying:

"Bulgarian liberty draws again. The regime of deceit, violence and murder has collapsed under the weight of its crimes, and a new era of law, harmony and peace has arrived."

Stambouloff, who has been overthrown, the plot being carried out by reserve officers with the assistance of the active army. Although there was no bloodshed, the new regime proclaimed a state of siege and issued a proclamation to the nation saying:

The coup was carried out with military precision. Members of the reserve officers organization and units of the active army were drawn up in front of the parliament house and arrested the minister. The minister was taken to the police headquarters and a powerful organization known as the "Revolutionary Guard" and alleged to be a staunch supporter of the premier.

All the frontiers are closed and no trains are allowed to leave the capital.

A simple incident in the interior of the country is the way in which the new government has been established.

The statement declares: "The new government declares its principles of justice and democracy in the name of the people and the nation."

A meeting was held outside the parliament house, at which the new government was declared.

The new government was declared by the parliament house, at which the new government was declared.

"NEW CANADIANS" ARRIVE IN WINNIPEG

A party of Swiss and Dutch immigrants arriving in Winnipeg on route to their new homes in the West. It is reminiscent of the old days when Europeans were pouring into Western Canada.

WINNIPEG, June 10.—A party of Swiss and Dutch immigrants arrived in Winnipeg today on their way to their new homes in the West.

The party consisted of about twenty people, including men, women and children.

They were accompanied by a local agent who was to assist them in their journey.

The immigrants were expected to settle in the West, where they would find new opportunities.

READJUSTMENT IN PLACING OF BRITISH FLEET

Latest Bull British Destroyers
Are to Be Put on the Mediterranean Fleet

MALTA, June 10. (Canadian Press Cable via Reuters.)—The British government has announced that the relief of the seventh destroyer flotilla, at present in the Mediterranean fleet, by the third flotilla of the Atlantic fleet, which comprises the latest Bull British destroyers, is intended as the first step towards putting into effect the proposed reduction of the fleet which the Mediterranean fleet will again be returned to home waters.

Little doubt is entertained here that the destroyer strength in the middle sea is likewise to be considerably increased. The new flotilla is believed to be the result of the eight flotillas of modern ones, and the sending out of an additional flotilla, mainly consisting of two flotillas in the Mediterranean.

It is believed here that the next step will be the sending out of flotillas of the Royal diversion class to reinforce the present Baltic squadron, but this is not likely to occur before October.

Other ships mentioned as destined for the Mediterranean from the Atlantic fleet, besides the second light cruiser squadron, are the newly built Blazer, which is the largest aircraft carrier, and the Argus. The aircraft carrier Pegasus now here is returning to home waters.

Little doubt is entertained here that the destroyer strength in the middle sea is likewise to be considerably increased. The new flotilla is believed to be the result of the eight flotillas of modern ones, and the sending out of an additional flotilla, mainly consisting of two flotillas in the Mediterranean.

The Annual Meeting of the Clover Bar Cemetery Co. will be held on June 11, 1923, at 2:30 p.m. in the Clover Bar School, W. F. Williamson, Secretary-Treasurer.

Obituaries

MR. AND MRS. ROBT. H. ANDERSON
Robert Howe Anderson, a well-known and highly-respected resident of the city died at his residence, 10343 122nd St., at noon on Saturday, June 9, 1923. His wife, Hannah M., died Sunday morning as the result of the shock. Mrs. Anderson was also in her 80th year.

Mr. Anderson came to the city six years ago from Bessie, where he had been in 1902 and where he first engaged in a machine business, and then took up farming.

Mr. and Mrs. Anderson are survived by three sons, Arnold, Clair and Harold, of Kelsey, Alta., and one daughter, Mrs. Stanley Rutherford, also of Kelsey. Mr. Anderson is survived by one brother, Edward, of Kelsey, and one sister, Mrs. J. N. Wilkinson, of Pincher Creek.

The remains of Mr. and Mrs. Anderson will be forwarded by Howard and McLeod on Monday via C.N.R. to Kelsey, where a double funeral will be held at 2 p.m. from the Methodist Church to the Kelsey cemetery. Rev. George Bradley of Bessie will officiate.

MRS. ARTHUR F. JONES
The funeral of Mrs. Arthur F. Jones will take place at 2:30 p.m. Monday from Howard and McLeod's parlors in Edmonton cemetery. Rev. Mr. Clough will officiate.

OSCAR STATH
Oscar Stath, formerly a resident of Slave Lake, passed away in the city on Sunday, June 10, 1923. The remains are now lying at the Foster and Patterson Funeral Home awaiting instructions from relatives.

MRS. DENNY KIRBY
Many wife of Henry Kirby of Stony Plain died in the city Saturday at the age of 64 years. Besides her husband, she leaves two sons, Frederick and August, of Stony Plain, and a daughter, Mrs. J. W. McLeod, of Stony Plain.

Funeral services will be held at 2 p.m. Monday from the Foster and Patterson Funeral Home. Rev. Mr. Clough is in charge of arrangements.

**CROPS BETTER
THAN FOR SOME
YEARS IN PAST**

Wheat is up Six to Eight Inches in Height in Some Places

Crop conditions in the Edmonton district promise better this year than has been the case for some years. There is an ample supply of moisture and with the showers of the past week a good reserve is being built up. Potatoes that have been dry for a couple of seasons are still full from recent rains. Farmers are busy now putting in green feed or getting ready for it, while some are finished.

Wheat is six to eight inches high throughout the district. It is well up and has not been recovered from the mild backward spring. The crop that survived is well advanced and is now headed out.

In some cases farmers have plowed up the crop and timely rains have been down to barley. Some districts show a distinct increase in barley average this year, while others have shown the preference to wheat. On all farms, all available land is being seeded, and especially since the recent rains farmers are better disposed to make an effort to put in as much as possible.

There has been little damage from outcrops. They started operations before the rains, but since then have not been so active. Great floods of bulls have over the fields and are being to rid the fields of the pest. There are no grasshoppers of any account, but the trees are full of caterpillars, which are stripping them of leaves in the city and in some parts of the country.

B.C. STRAWBERRIES ARRIVE
Strawberry friends who have been disappointed in the season for the past few days will note with glad that the delicious ground berries are again on the market and a reasonably good supply may be had from now on until the end of the season. The first run of berries were imported from the states and because of the unfavorable spring the crop was almost a failure and shipments failed to arrive here to keep up until the B.C. crop started to come in just a day or so ago.

Things could be worse. Just remember that you had to wait for your lawn before cutting the grass.

June White Sales

In Keeping With the Season and Fashion
Coupled With a Thrift Incentive

The hundreds of women who, every season, choose white because it's cool and becoming, will have the added satisfaction this season of knowing that it is the "last word" in fashionable attire as well. Hence these June White Sales are given a new throb, a new thrill, a new reason for prominence in this month's advertising.

27-Inch
Swiss Embroidered
Flouncing at 50c Yd.
Reg. 75c to \$1.25 Yd.

Hundreds of yards of these lovely Snowy White Flouncings will fly over the yard measure Monday. For all kinds of undies and children's dresses, etc.

Of finest quality Swiss Muslin in no end of pretty floral and exotic designs, so skillfully executed one would almost think they were done by hand. Some have frilled edges, 27 in. wide. Regularly 75c, \$1.00 and \$1.25 yard. June White Sale, 50c yard

1275 Yards of White English Flannellets
Women will quickly recognize these flannellets as being qualities for which they usually pay 45c and 50 yard.

Size soft dresses in medium weights, especially suitable for nightgowns, etc. 21, 24 and 34 inches wide. June White Sale, per yard 35c

Women's Pure Irish Linen Handkerchiefs, A regular 25c quality which means two for the regular price of one.

Of pure Irish linen in a fine sheer weave, finished with a 3-inch hemstitched edge. June White Sale 2 for 25c

JUNE WHITE SALES

Of First Importance is the
June Sale of MUSLINWEAR

Beginning Monday and Continuing Throughout the Week

Just as June is pre-eminently the month of brides, this Sale is femininities' opportunity for gathering a fresh supply of summer Muslinwear of unsurpassed loveliness at notable savings.

For Monday's selling there are several tables heaped high with snowy muslinwear of every description from dainty nightgowns to "step-ins" and chemise.

WOMEN'S DAINTY NIGHTGOWNS
Regularly up to \$4.75. On Sale Monday at \$2.98

Numerous hand-made styles of fine white lingerie cotton, effectively embroidered and hand drawn. Also tailored styles, trimmed with fancy stitching and style trimmed with dainty lace and embroideries and ribbons. Regularly to \$4.75. June White Sale

Another Grouping of UNDERSKIRTS and COMBINATIONS at \$2.98

As fresh as newly fallen snow and as dainty as artistic fingers can make them.

Underskirts and Combinations of fine white lingerie cotton, daintily trimmed with lace, embroidery and ribbon. All sizes. Regularly to \$4.75. June Sale

Women's Fine Knitted Combinations at 69c

Women have only to feel the quality and observe the finish to realize they would ordinarily sell at a higher price.

Skirt and loose knee-lace trimmed. 69c

A Special Purchase of 200 Pairs
Women's White Canvas Oxfords
Regularly Worth \$6.00 Pr. \$1.95
In the June Sale at

It's quite evident somebody's going to lose a "heap of money." And 200 women are going to participate in one of the most astounding white canvas footwear sales that is likely to occur in Edmonton this season.

To be frank, it's not our loss. It's the makers and our only regret is that we couldn't have secured double the number of pairs.

They are a very high grade Oxford, made of finest quality white canvas with genuine Goodyear welt sewn soles, canvas covered Louis heels, white well rounded edges and soles. A high grade dress shoe suitable for any occasion. All sizes 2 1/2 to 8. Regularly \$6.00. In the June White Sale at \$1.95

Children's White Voile
Dresses at \$2.95
Prim little Party Dresses, perfectly emulate and pretty as any little miss could want.

JOHNSTONE WALKER LIMITED

Children's and Girls White Cotton or Crepe NIGHTGOWNS
The busy mother will be delighted to find Children's Nightgowns included in the June White Sale. 2 for \$1.00

The Arctic Ice Co. Ltd.
ICE AND REFRIGERATORS
Phone 1220
Refrigerators sold on easy payments.

CURIO VANDALISM

The French airman who recently flew across the English Channel in a miniature machine has had to abandon his program of flight in the United States. The plane, which was a small biplane, was damaged by a curious incident. The plane was not materially damaged, but the engine was damaged. The plane was not materially damaged, but the engine was damaged. The plane was not materially damaged, but the engine was damaged.

scheme, and include enough other items, such as wheat and cattle, to balance the account and make the total of benefits received correspond with the total of benefits given. Unless he is prepared to do that it will have to be taken that he is less concerned about reciprocity than he is about satisfying the government of backsliding in his professions of willingness to promote trade by mutual tariff reductions. Mr. Meighen was premier of Canada not long ago, at a time when the fact question was quite a acute. It is at present or is likely to be. It is not upon record that he ever proposed to Washington that a reciprocal arrangement be made in respect to bituminous coal or anything else. If he has undergone conversion it has been both sudden and to a conspicuously limited degree.

REPUDEIATE INTEREST CLAIMS?

The Turks are now holding up the proceedings at Lausanne with a demand that Turkey be excused from paying any interest on its debt. Considering the concessions which Ismet has already wheedled out of the delegates at that and preceding conferences, it will not be strange if he gets this modest favor also. But if Turkey, which is not Germany and Austria and Bulgaria in respect to the reparations due from them? And for that matter why not Rumania and the other allied countries which borrowed money from Britain and France, with which to maintain their armies? If the Turk, who played traitor to his friends and struck for the downfall of western civilization, is entitled to free loans from allied governments, there is no apparent reason why these should call upon their distressed allies to pay interest on the advances made to them. And it is somewhat doubtful whether that demand will be complied with. Free money for the Turk would set a precedent for the cancellation of interest obligations all round; a precedent that it is somewhat doubtful whether that demand will be complied with. Free money for the Turk would set a precedent for the cancellation of interest obligations all round; a precedent that it is somewhat doubtful whether that demand will be complied with.

Current Comment

NOW FOR A BUMPER
An former remarked to us the other day while talking about the bumper crop of wheat that this year we can't get a bumper crop. "We can't get a bumper crop," he said. "We can't get a bumper crop," he said. "We can't get a bumper crop," he said.

A COMMON CONUNDRUM

Montréal Herald.
Boston is trying to solve a problem. They find that the wheat crop has been so small that it is not possible to export wheat to the United States. The wheat crop has been so small that it is not possible to export wheat to the United States. The wheat crop has been so small that it is not possible to export wheat to the United States.

DELAY IS COSTLY

Winnipeg Tribune.
One thing is certain, the wheat board agitation has proceeded long enough. Ordinarily at this time large contracts for wheat are being made. But because of the possibility that the wheat board may still come into existence, no October wheat is being made. Because of the possibility that the wheat board may still come into existence, no October wheat is being made.

HARDING ON FACTIONS

Speaking in Washington on May 17th, United States President Harding said:
"Can any student of our times in America, or of the world, doubt for a moment that factionalism is developing as never before? We have our factions in the United States, and we have our factions in the world. We have our factions in the United States, and we have our factions in the world."

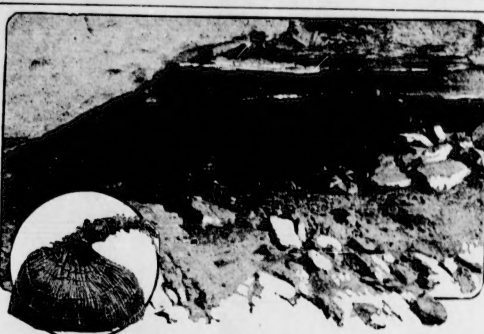

CHRYSON TEACHERS CLIMB DOWN

London Daily Mail.
After voting in effect that they should close in the last ditch rather than give way, the 140 Croydon elementary school teachers who have been on strike for three weeks have surrendered unconditionally. The Croydon teachers may think themselves lucky to get back to their places on any terms whatever. There can be no doubt that their places might have been quickly and efficiently filled had a good union been in existence.

WHY NOT "BROADEN OUT"?

Mr. Meighen wants reciprocity, but not very much of it. He would limit the application of the principle to the exchange of one particular variety of one particular commodity. Bituminous coal is the one article of commerce which he would allow to cross the border in either direction under equal rates of duty or none. Last year Canada imported some ten million tons of bituminous coal from the United States. A deal of this coal was imported at a million and a half tons. Most of this came from the United States. During the year the Alberta coal market was flooded with the bituminous coal from the United States. These figures suggest that the opposition leader did not make a very happy selection of the one commodity in respect to which he is attempting to apply reciprocity. It is not a very happy selection of the one commodity in respect to which he is attempting to apply reciprocity.

Ancient Relics of a Vanished Race Uncovered in the Ozark Mountains

VIEW OF THE "MAIN STREET" OF A THOUSAND YEARS AGO. HERE CRANK BLUFF DWELLERS LIVED IN A RECLINED POSITION. INSET SHOWS A WOODEN CRANK BLUFF CONTAINING A HUMAN SKULL.

By Josephine Van de Grift, New Service Writer.
NEW YORK, June 10.—The discovery of a certain "Main Street" back of the Ozark Mountains in the state of Arkansas, the site of a prehistoric city, has been made.
